Short Science Project Title

Proposal for Scientific Investigation

Question: What is the question you want to investigate?

Hypothesis or Prediction: What do you think is the answer to your question?

Independent Variable	Dependent Variable	Controlled Variables/Constants
What will you be changing in the experiment? There should be only one.	What will you be observing/ measuring? This is expected to change when the Independent Variable is changed.	What will you be keeping the same during the experiment?

Is your topic interesting enough to read about and work on for the next few months? **Yes / No**

Is your experiment safe to perform? **Yes / No**

Do you have all of the materials and equipment or can you find them easily? **Yes / No**

Do you have enough time to complete your experiment and a board before it is due? **Yes / No**

I am committed to finish this science fair project. I have discussed it with my parent(s) guardian(s).

I have discussed this science fair project with my student and I will support her/him with help at an appropriate level.
